

Features

- 3-in-1 stud, metal and AC voltage detector
- Ergonomically designed for comfort and grip
- Bargraph allows for quick and accurate detection
- Easy operation
- Auto power off
- Includes battery

Specifications

Detection Depth

| | |
|----------|--------------------|
| Stud: | Up to 0.98" (25mm) |
| Metal: | Up to 2.56" (65mm) |
| Voltage: | Up to 1.96" (50mm) |

General Specifications

| | |
|-------------------------|---------------------------------------|
| Display: | LCD Display with bargraph |
| Auto Power Off: | Yes (after 20 seconds) |
| Low Battery Indicator: | Yes |
| Power Supply: | 9V Battery |
| Product Certifications: | CE |
| Operating Temperature: | 19.4 to 104°F (-7 to 40°C) |
| Storage Temperature: | -4 to 122°F (-20 to 50°C) |
| Dimensions: | 6.3 x 3.2 x 1.3" (159 x 82 x 32mm) |
| Weight: | 7.2oz (203g) |

| Model | Description |
|--------|----------------------------------|
| R9090 | Stud, Metal and Voltage Detector |
| CA-05A | Soft Carrying Case |
